ST. LOUIS URBAN GARDENING SYMPOSIUM
Saturday, May 1st, 9:00 a.m. - 11:30 a.m.

A special virtual presentation by Doug Tallamy

Doug Tallamy is a professor in the Department of Entomology and Wildlife Ecology at the University of Delaware, where he has authored 95 research publications and has taught insect-related courses for 40 years. Chief among his research goals is to better understand the many ways insects interact with plants and how such interactions determine the diversity of animal communities.

NATIVE PLANTS | BENEFICIAL INSECTS | POLLINATORS
